 - (d) The loan proceeds to completion within a reasonable timescale and does not become unduly complicated
 - (e) The transaction comprises an arms length purchase at full market value with the consideration being paid in cash upon completion (on a purchase)

- (f) The planning status of the property is readily apparent with no outstanding elements and no development is ongoing or intended is not a new build/has not been subject to substantial works within the last five years.

*Our fees for leasehold properties are on the basis that the lease specifically provides for and is drafted such that it anticipates the property maybe used for holiday lettings. If this is not the case our fees will exceed the indicated amount.

Please note the following assumptions:

- The scale above does not anticipate any requirements there maybe for documents or deal structures outside those normal for a standard conveyancing transaction e.g. Subordination Deeds, Cross Guarantees, Share Purchase Agreements or foreign company borrowers. These will need to be quoted for separately
- The security comprises a single property/title
- It is assumed that the property was/is acquired via an arm's length purchase at full market value, that the title is free from any defects, and there is no recent development (including new build properties) which necessitates planning investigation (apart from the already accounted for "Holiday use not evidenced by planning permission")
- The scale assumes that given the transient nature of the occupation any letting agreement will be basic.

VAT and Disbursements are payable in addition to the fee estimate.

These costs do not include any disbursements incurred in the course of the transaction. These will be in addition to the fees set out above.

The fee quotes provided are on the basis that the matter is straightforward with no unforeseen complications.

All legal fees will be deducted from the draw-down of the loan advance.
